

# FT-C18

## 18-slot Rack Mount Chassis

FT-C18 19" 4U high chassis is a quality design for the rack mounting of FT series optical transmitters, receivers, CWDM, optional SNMP modules and power supply units. All electrical, video and optical connections are easily managed at the rear of the chassis provided by each rack card module, along with led indicators for ease during cable connections. Each rack card modules performance and status LED indicators are also viewed and described on the front panel of the chassis.

The chassis provides an FT-PSU/12V power supply plus 18-slot spaces for rack card modules. The chassis offers each FT series rack card module the ability to "hot-swap" allowing any rack card module to be removed and restored without affecting the operation of any other rack card module.

## Ordering Information

Model	Description
FT-C18	19" Rack Mount Chassis with 18 Empty Slots (includes FT-PSU/12V power supply unit)
<b>Accessories:</b>	Please select US, European, UK or Australian power plug

## Specifications

Power (FT-PSU/12V):	Input Voltage: 110VAC / 60Hz; 220VAC / 50Hz	Operating Temp.:	-40°C to +75°C
	Output Voltage: 12VDC	Storage Temp.:	-40°C to +85°C
	Max. Current: 24A	Relative Humidity:	0 to 95% non-condensing
Dimension (HxWxD):	176 x 486 x 226mm		
Weight:	5.9kg		
No. of empty slots:	18
